- Assure equipment availability

Increase equipment availability with qualified EMDE Service staff

Qualified service technicians

EMDE Lifetime Service

Regular maintenance saves you from trouble and increases your machine availability. Do not hesitate asking for help from our qualified EMDE Service technicians.

We take over all the necessary inspection steps for your equipment and give recommendation how to increase your machine availability.

We give you a hand even in case of replacement of wear and spare parts. We only use EMDE original spare parts that are fit for purpose and guarantee a failure-free functioning.

Checkup of parameter settings and safety devices is also within the scope of maintenance as well as hand-over to your equipment operators. You need calibration by law? We coordinate everything on demand and thus save you a lot of phone calls.

If you are satisfied, place a service contract with us. We will come up to you in the requested time interval. We will organize the complete service for you, without a care in the world.

Please call us now or send us an email for a prior appointment. We are looking forward to hearing from you soon!

Your EMDE service team.
